WE'RE HIRING LEAD FINISHER

LEAD WITH SKILL. BUILD WITH PRECISION.

Forest City Cabinets is a growing, high-end custom cabinetry manufacturer focused on precision, consistency, and execution. We build fully custom residential cabinetry for designers and contractors.

We are hiring a Lead Finisher to lead our finishing department—producing high-end finishes, controlling quality, and keeping finishing on schedule.

WHAT YOU'LL DO

- Lead all finishing operations (stain, paint, topcoat, specialty finishes)
- Establish and maintain finishing standards and processes
- Train and develop finishing team members
- Ensure consistent, repeatable high-end quality
- Coordinate with engineering and production to hit deadlines
- Own finishing schedules, materials, and workflow

WHAT WE'RE LOOKING FOR

- Strong experience in cabinet or millwork finishing
- Ability to produce consistent, high-end results
- Leadership mindset—takes ownership, builds systems, not chaos
- Proven ability to match colors accurately (including custom samples and repeatability across parts and jobs)
- Skilled in producing and controlling consistent high-gloss finishes without defects
- High attention to detail and pride in craftsmanship
- Organized, process-oriented, and reliable

WHY FCC

- Clean, professional shop environment
- No installs or jobsite work
- High-end product with demanding standards
- Opportunity to build and lead a department in a growing company

PAY

Competitive Pay
from \$25 - \$40/hour +
Based on Experience

READY TO LEAD?

Join a team that takes pride in craftsmanship and delivers excellence.
